Includes our Premium program and a summer grub preventative for season-long control

GOLD
Includes our Premium Plus program and adds a fall core aeration

How our lawn care program works

D.A. Alexander & Company, Inc. provides continuous lawn care service to make your lawn healthy and green. If you have any questions or concerns about your grass, we are just a phone call or email away! Our lawn care program is available in Wayne, Washtenaw and Oakland counties.

Our Products

D.A. Alexander & Company, Inc. uses specially formulated, slow release granular fertilizers for this region. We assess the area soil type, grass type and keep the protection of our lakes and streams a priority. We also include an Integrated Pest Management (IPM) monitoring as part of each program.

Our programs are designed to promote a vigorous, healthy root system by combining our slow release feedings and a wider spectrum of broadleaf and/or grassy weed control.

Additional Services

Lawn renovation

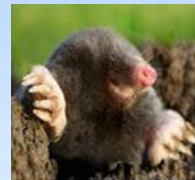

Core aeration

Ornamental landscape bed treatments

Disease and insect control

Mole control

Perimeter pest control

And more...

- Landscape deep root fertilization
- Landscape wilt proofing
- Deer guard
- Soil testing
